Step 1

Step 2

Directions:

Step 1: Paint your paper plate with blue or blue with green paint—(use the blue first, as it's darker, and then do a cover coat of green.) Allow to dry. **Hint: Use 2-3 paper plates stuck together to make your rock pool sturdier.**

Step 2: Once dry, cover the edge of the plate with liquid (wood glue). Use your thumb to spread it evenly. **2B:** Then sprinkle sea sand all the way around the edge. Let it sit for 5 minutes or so before you discard the excess sand.

Step 3: Glue the sea shells around the bottom of the plate, resting on the sand. Allow to dry.

Step 4: Spread the wood glue evenly in between the shells and place bits of dried moss until majority of the bottom is covered.

Step 5: Download and print the rock pool creatures template.

Color in the rock pool creatures, cut them out and then glue them on the plate.

Step 6: Lastly, glue the googly eyes on the creatures.

Step 2B

IDEA: Create your own creatures and shells by drawing them on another piece of paper. Get creative!

Bible Lesson

It doesn't matter how small and insignificant we feel, Jesus knows where we are at and He loves each and every one of us. So you may feel small in your town, in your life, in your home—but remember God sees you. He knows you and He is always there to talk to. He loves you.

“But the very hairs of your head are all numbered. Do not fear therefore; you are of more value than many sparrows.”

— Luke 12:7

Rock Pool Creatures

Color the creatures and cut them out to add to your rock pool. For added durability glue this sheet to a piece of cardstock.

Use whatever items you want for your pool.
